

GREEN ELECTRICITY CERTIFICATE

Energie Südbayern GmbH hereby confirms that

Talis Haftetiketten GmbH & Co. KG
Benrader Straße 52
47918 Tönisvorst

procured green electricity in the period from
01.01.2020 to 31.12.2021

Energie Südbayern's climate-neutral green electricity from 100 percent hydropower is produced entirely at European plants and certified by TÜV NORD. The procurement of green electricity produces neither CO₂ emissions nor radioactive waste. With forecast electricity demand of approx. 1.934.135 kWh, Talis Haftetiketten GmbH & Co. KG saves up to 825,90 t of CO₂ annually and thus makes an important contribution to protecting the environment and ensuring sustainable use of natural resources.
